

2021 MOTORHOME COLLECTION

PILOTE

EDITORIAL

Life is a leap into the unknown.

Every minute, every hour, every day is a surprise for those ready to seize it. In 1962, a young man created a caravan in his father's cabinetry workshop. And the story began. In the late 1970s, a trip to the USA inspired Pilote's founder to design the first motorhome, and with it a new way of experiencing holidays. More freedom, independence and the sweet smell of adventure.

Since this first motorhome hit the road, we have travelled a long way together. Our models have undergone continuous development and our range has expanded, including the arrival of our vans in 2012. And over the years, we have innovated even more to improve the safety and sturdiness of our vehicles, as well as enhancing our interiors to provide living spaces which are even more functional, stylish and comfortable.

The hunger for once-in-a-lifetime experiences is what has always driven us. More than the road that we share, what counts is where it takes us... Always closer to our dreams of discovery and our longing for new lands.

Wherever you decide to go, whatever you desire to see; the choice is yours. We're game. Are you?

PACIFIC

LOW-PROFILES

ALWAYS GAME FOR A NATURE GETAWAY

With its large choice of low-profiles, Pilote lets you take advantage of life's unique experiences, where ever your heart leads you next. Whether you're a fan of mountains and wide open spaces, or just love a good walk through beautiful countryside, you're always game, always Pilote.

P650GJ

LOW-PROFILES

A COLOURFUL WALK AMONG THE UPLANDS OF HÉRAULT

A TRIP IN A LOW-PROFILE TO LAKE SALAGOU

The red earth around the deep blue of the lake provides a magical contrast. You leave the comfort of your Low-Profile for a delightful walk around the lake. On the undulating slopes, you notice little white patterns. Coming a little closer, you discover small stones arranged to form names and hearts by lovers keen to leave their mark.

- + Large lounge for up to five people.
- + Two sleeping area height options (high beds or low beds).
- + Sleeping area extension for a king-size bed (optional extra).

P650GJ ESSENTIEL

SURPRISED BY A STORM

In the afternoon, the weather suddenly changes. You start walking faster as you feel the first drops of rain. By the time you get to your motorhome, your light clothes are thoroughly soaked. You quickly grab some towels from the bathroom to dry yourself down as best as you can, then go to the bedroom to get changed.

A COMFORTING BREAK

A hot cup of tea and a few biscuits to help you warm up, and the sun re-emerges as the clouds disappear. The surroundings, deserted by hikers fleeing the rain, gradually come back to life, and the smell of wet earth lends a bewitching charm to the natural beauty of this site.

- + A very cleverly laid-out bathroom: the washbasin partition swivels to free up shower space.
- + Large, lowered, wall-to-wall storage unit for easier loading.

STANDOUT FEATURES OF LOW-PROFILES

LOW-PROFILES
WITH DROP-DOWN BEDS

ALWAYS GAME FOR A SEASIDE GETAWAY

With its Low-Profile models equipped with a drop-down bed, Pilote allows you to optimise interior space and vary your holiday plans by travelling in larger numbers. Whether you want to enjoy a trip to the seaside as a couple or spend a few days with your grandchildren, you're always game, always Pilote.

P626D

NEW

LOW-PROFILES WITH DROP-DOWN BEDS

A SEASIDE BREAK IN THE BALKANS

DRAWN TO THE LIGHT OF CROATIA

You may have been attracted by its welcoming climate, its unspoiled landscapes, or its beautiful little seaside villages. Whatever your reason, you've travelled in comfort all the way to Croatia as a couple, and here you are, about to arrive in this Adriatic paradise. Being as compact as a van, your motorhome allows you to set up camp right next to the clear blue sea, while enjoying maximum comfort inside. You've packed the hold with everything you need to enjoy the fun of the water, including your wet suits.

P626D ESSENTIEL

MOTORHOME.UK**

WALL-TO-WALL SUNSHINE

Before you even step out of the motorhome, light floods into the large lounge and kitchen. Outside, your pleasure is complete: endless sunshine and the sea stretching out to the horizon. Perfect for setting sail and enjoying an unbroken view of the coast. In less than an hour, you've found a boat and are already heading for open water.

- + A beautiful XXL lounge accommodating up to 7 people on face-to-face seating.
- + The two long bench seats are perfect for a comfortable siesta (without having to lower the drop-down bed).
- + The generous interior space enables easy circulation, and with the large worktop you can cook just like at home.
- + An ideal hold for bringing 2 bikes.
- + 695 kg load capacity for everything you need... and more!

A COMMON INTEREST IN SAILING

By the port, you meet another couple of sailing enthusiasts and invite them to your studio – your P626D that is – to swap experiences over a drink. And since you take great pride in your appearance, you quickly freshen up in the bathroom, grab a little summer dress and a shirt carefully stored in your dressing area, and you're ready.

ROOM FOR ENJOYMENT

You've now been chatting for hours, and your new friends have invited you to come with them tomorrow morning for a stroll through the streets of an unspoiled village high above the sea. Sounds great! But for now, it's time for bed.

BREATHTAKING ARCHITECTURE

What a sight! Even though it was quite strenuous, you're glad you took their excellent advice. But Croatia has so many exceptional sites that it will be difficult to choose the next stopover.

- + At 6.20 m in length, enjoy the comfort of a motorhome in van format.
- + Drop-down bed, 160 cm wide and 200 cm long. Electric lowering to 80 cm from the floor for easy, ladder-free access.
- + Bathroom in varying dimensions, with a large shower and dressing area at hand.

LOW-PROFILES WITH DROP-DOWN BEDS

A FAMILY TRIP TO UNEXPLORED IRELAND

A WEEK IN IRELAND

You've done a great job of pretending not to feel seasick in front of the children, and you finally disembark on Irish soil. The city quickly fades away, replaced by the raw beauty of the elements. You are equally at home on the little roads of Donegal or in the streets of the fishing village where you have chosen to spend the night. After a board game in the lounge, you're ready for bed.

THE END OF THE WORLD AT THE END OF THE STREET

The idea of spending long hours in a large bed seems perfectly appealing. But then, opening the door one last time, you happen to hear the frenzied sound of a fiddle nearby. Irresistible! Your curiosity leads you to the pub, where the locals lovingly practice their Celtic musical repertoire every night.

GONE FISHING

The next day, you're up at dawn. The light is incredible. The landlord of the pub has invited you on a fishing trip not far from the port, where the waters are brimming with fish. If things go well, you'll be cooking some for lunch. As good a reason as any to postpone your hiking trip above the sheer cliffs until this afternoon.

- + A compact model which has everything a bigger motorhome can offer.
- + Bright lounge thanks to its sunroof and large bay windows. It holds up to 5 people on its face-to-face bench.
- + Comfortable bedroom: large 150 × 190 cm island bed and quality bedding with slatted bed frame and BULTEX® mattress.
- + Functional kitchen with large worktop.
- + Bright, wall-to-wall bathroom.
- + Large, lowered, wall-to-wall storage unit for easier loading.

LUNCH IN THE SHADE

The sun's rays are strong at this hour. Everyone inside! You prepare the meal while the children set the table.

SIESTA TIME!

The youngest child falls asleep in the drop-down bed. You take the opportunity to get the football out and have a kick around with the eldest.

- + Bright lounge and comfortable bench seats.
- + Kitchen in L-layout for more space to move about and plenty of drawers for your utensils and bottles (compartmental drawers, waste bin and extractor hood, standard with Sensation and optional on Essentiel).
- + Electric 2-person drop-down bed.
- + Double-partition bathrooms for independent access from the bedroom or lounge.

GALAXY

FIAT CHASSIS A-CLASS MODELS

ALWAYS GAME FOR A BRAND NEW DESTINATION!

With its many A-Class models, Pilote always offers you more comfort and space to brave every new adventure. Whether your dream is to discover hidden villages in the heart of France or to cross some of Europe's wild and isolated regions, you're always game, always Pilote.

G720FC

FIAT CHASSIS A-CLASS MODELS

THE BARDÉNAS DESERT WITH FRIENDS

**LIKE BEING
IN A SPAGHETTI
WESTERN**

Sculpted over millennia by wind and water, this Spanish version of Monument Valley offers some truly breathtaking landscapes. You decide to go off-track to park the motorhomes and rustle up some lunch amid these unique surroundings. Next thing you know, you're all in the kitchen making... spaghetti, of course!

G720FC SENSATION

A SOARING SHADOW

In this near-arid environment, wild animals have the place to themselves. Eagles and vultures glide silently above this 42,000 hectare site, designated by UNESCO as a biosphere reserve. You take your binoculars from the glove compartment to observe a creature which has been circling in the sky for several minutes.

THE ULTIMATE PHOTO OPPORTUNITY

It's incredible to think of the many stories of bandits and smugglers who found refuge here, including the famous Sancho Errota, the self-styled King of the Bardenas. One must-see site is the symbol of the Bardenas, an impressive fairy chimney known as Castil de Tierra, literally "Castle of Rock".

- + Face-to-face layout providing a welcoming lounge for up to five people.
- + Enjoy your lounge all day long thanks to its bay windows and skylight.
- + Move around easily thanks to the folding table.
- + Kitchen equipped with a large worktop, large drawers and saucepan drawers.

FOR MORE INFORMATION, VISIT WWW.PILOTE-MOTORHOME.UK

BACK TO CIVILISATION

An hour before the sun goes down, it's time to leave the nature reserve and discover the neighbouring Spanish villages, reconnecting with the real world. A good shower followed by dinner for four on the terrace.

A HIKING TRIP PLANNED FOR TOMORROW

You go back to your motorhomes and chat for a while over a cup of tea. Comfortably settled in the lounge, the plan for tomorrow gradually takes shape. You have identified a hiking trail on El Rallón mountain, one of the most spectacular locations in the Bardenas.

G720FC SENSATION

AFTER SUCH A GOOD DAY, THERE'S NOTHING LIKE A GOOD NIGHT'S SLEEP

You go off to sleep in your own private areas within the motorhome. It has been a day of exciting discoveries, and you're glad to get back into bed and allow yourself to slip into a deep sleep.

- + Bedroom with a large island bed and very comfortable sleeping area.
- + Overhead wardrobes allow space for a real bedside table and storage compartments.
- + A large separate bathroom, set apart from the lounge and bedroom to provide a wonderfully private and bright space, thanks to the skylight.
- + Bright bathroom thanks to the skylight.

ISOTEK
STRUCTURE

1 FLUSH-FITTING WINDOWS

Thanks to the double glazing with aluminium anti-intrusion frames, these flush-fitting windows improve the thermal insulation and safety of your motorhome.

2 ALUMINIUM PROFILES

These fasten together securely on the sides and roof. They prevent any deformation of the structure, making the motorhome durable and robust.

3 WALL INSULATION

On the sides, the ceiling and the floor, the walls are built with a STYROFOAM INSULATION core. Moisture resistant battens and aluminium inserts ensure the vehicle and its furniture are perfectly stable.

4 ANTI-HAIL ROOF

This dent-proof polyester overlap roof is hail and impact resistant.

5 POLYESTER SKIN UNDER THE CHASSIS

It provides the vehicle with perfect waterproofing under the chassis.

6 ALUMINIUM SKIRTS

This skirt protection is solid and easy to reshape into the bodywork in the event of impact.

7 CHASSIS EXTENSION AND REINFORCEMENT

Your chassis will not sway at the rear. With its resistant structure, your storage area can support considerable weight, ensuring your towing capacity is optimised.

8 DOUBLE SEAL DOORS

All doors feature a double seal and compression locks to ensure perfect waterproofing and insulation for the storage area.

CLASS 3: OPTIMUM HEAT INSULATION

Tested in a cold room, Pilote motorhomes have obtained the **top certification – Class 3–** for their insulation quality. Brought down to -15°C, the motorhome came back up to +20°C in just over four hours*.

This excellent performance was made possible by innovations brought to the assembly procedure, including:

- A new floor design on Low-Profile and A-Class models.

- Adoption of a new insulating material for the wastewater tank and the wheel housings which has proven qualities of lightness, rigidity and insulation.
- The introduction of battens made from fibroplast (polyurethane reinforced with fibreglass) into the floor and sides. These battens are more rigid, providing a solid sides-to-floor connection and entirely eliminating thermal bridges.

* Measurements taken at several points, with a TRUMA® 6 heating system.

STOP AFTER STOP ALWAYS PILOTE

The background image shows the interior of a motorhome. The ceiling and upper walls are finished with light-colored wood paneling. A white table is in the foreground, set with a glass of water, a wooden spoon, and a small bowl. A white leather seat is visible on the left, and a window with white curtains is on the right. A white text box is overlaid in the center.

YOU ARE UNIQUE, YOUR MOTORHOME SHOULD BE TOO

With no less than 33 models and hundreds of customisation possibilities, create your motorhome according to your personal travelling needs and desires.

Discover, in these pages, the essential features of a truly unique motorhome, from rims to engine specification, not forgetting decoration.

BODYWORK AND DIMENSIONS

LOW-PROFILE

FROM 5.96 TO 7.45 m

With their compact cabs, the Low-Profile models offer undeniable driving comfort. Designed on a Fiat CCS chassis, Pilote's Pacific range provides the reliability and sturdiness of all its vehicles: anti-roll bars for added stability, adapted tyres, wider rear wheelbase for superior road handling, and low-slung chassis.

A-CLASS

**ON FIAT CCS OR AL-KO CHASSIS
FROM 7 TO 7.89 m**

The A-Class models offer a huge windscreen, much appreciated by those who like to watch the sun going down from their lounge. And fans of generous dimensions will also appreciate the large cabin and wide dashboard. On a Fiat chassis up to 7.49 m, the Galaxy range guarantees superb reliability and excellent road handling. Galaxy models also come on an AL-KO chassis, a high-end benchmark offering safety, durability and great driving comfort.

TECHNICAL CONFIGURATION

POWER

New, more powerful engines:

140 hp

Standard on all Pilote vehicles. Thanks to its more powerful torque (+12%), the new Fiat Euro 6D 120 hp offers excellent performance.

160 hp

180 hp

As an optional extra for all vehicles.

THE FIAT EURO 6D

Higher performance and comfort, lower consumption and CO² emissions, plus AdBlue®. A truly future-proofed vehicle.

TRANSMISSION

MANUAL

Standard on all vehicles Ideal for traditional driving

AUTOMATIC

New nine-speed transmission for maximum driving comfort. Available with 140 to 180 hp engines, it must be combined with 16" alloy rims.

VEHICLE WEIGHT

3.5 t

As standard for all Low-Profile and A-Class models in Essentiel and Sensation finishes. A type-B licence can be used to drive vehicles of this category.

3.65 t

Available on all vehicles The benefit of a heavy vehicle is its higher loading capacity. This makes it possible to bring all your equipment onboard and add any desired optional extras to improve your vehicle's comfort and autonomy.

4.25 t 4.4 t AND 4.5 t

Standard on G781 and optional on all other vehicles. Opt for the Heavy chassis for even more safety, loading weight and towing capacity. 4.4 t chassis on Fiat CCS paired with a 160 or 180 hp engine. The 4.5 t chassis is on Fiat AL-KO.

DRIVING COMFORT

- Steering wheel radio control.
- Leather steering wheel and gear knob
- Chrome counters
- Grey dashboard.

Standard equipment with Sensation, optional with Essentiel.

RIMS

15" or 16", sheet-steel or alloy, your motorhome's rims can be customised to suit your tastes and purposes.

ENERGY

Fit out your motorhome according to your needs:

- One or two 100 W high-power mono-crystalline solar panels.
- Leisure battery: AGM, gel or lithium to associate with a Booster.

PILOTE

LEGAL NOTICE:

Legal seats take into account basic and standard equipment with a tolerance of +/- 5%. Available load capacity figures are the difference between Maximum Technically Permissible Laden Mass and Mass In Running Order. The manufacturer undertakes to provide a motorhome with an actual Mass In Running Order within the 5% tolerance of the indicated Mass In Running Order used for type approval. Caution: additional optional equipment and accessories are not included in motorhome Mass in Running Order figures. Consequently, these will systematically lead to a reduction in available load capacity. Similarly, the significant weight of the additional accessories offered on the market must also be deducted from the motorhomes' available load capacity. Consequently, fitting such accessories may require a reduction in passenger numbers. Compliance should therefore be ensured with all maximum authorised mass figures (total and per axle) once the vehicle is fully laden. Maximum towing limit is chassis data linked to the type approval of the vehicle. Depending on the kind of tow-hitch to be fitted to the vehicle and the specific values given by the tow-hitch manufacturer, the maximum mass of any trailer that may be towed by the vehicle may be lower. Tow-hitch strength rating (especially values D and S) are stamped on a plate fixed to the tow-hitch. D enables the maximum towing weight to be calculated using the following formula: $MTL = D \times T / [(9.8 \times T) - D]$, where: MTL = maximum towing limit (in tonnes); T = gross vehicle weight (GVW) (in tonnes); D = value (in kN) taken from tow hitch. Example: if D = 11.3 kN for a 35 L base, the maximum towing limit (MTL) will be the following: $MTL = (11.3 \times 3.5) / [(9.8 \times 3.5) - 11.3] = 1.72 \text{ t}$ (or 1720 kg). For a maximum towing limit for a vehicle that can be up to 2.5 t. Any motorhome driver using a type-B licence issued in France before 20 January 1975 can drive a motorhome with a Maximum Technically Permissible Laden Weight of over 3.5 t. In order to make use of this exemption in France (recognised throughout the EU), the licence holder simply has to go to the préfecture to have the following code added to the licence: "79: B camping-car > 3,500 kg". The vehicles photographed in this catalogue may include optional equipment subject to extra cost. As Pilote vehicles are sold in several European countries, their technical specifications and equipment may vary from one country to another. Details concerning vehicle delivery, appearance, power, dimensions and weight – factory tolerance deviations (+/- 5% maximum) are possible and permitted – correspond to the information available at time of printing. These details correspond to European approval directives but may nonetheless be changed up to the moment of purchase or delivery of the vehicle. For a precise definition of the models available in each country, your dealer will be pleased to advise you. Before placing your order, please consult a dealer for the latest details of the product and the collection. This brochure corresponds to the information available at time of printing. Although every care has been taken in the production of this document, printing errors may still be possible. We reserve the right to make changes to equipment or improvements to products for current-year models, without prior notification. Stylistic and decorative elements which have been used to complement the visuals in this catalogue are not part of the vehicle or the delivery service. Although every care has been taken in its production, this catalogue does not constitute a contractual document.
