

## The Pursuit of Enjoyment

# PURSUIT

Alu-Tech Bodyshell

The well-designed, well-equipped yet affordable Pursuit range stands out from the crowd with its stylish and distinctive slate grey and polar white exterior with contemporary graphics and 14" alloy wheels.

Offering the lightest weights in the Bailey portfolio, Pursuit can be towed by a wide range of tow vehicles. High quality fixtures and fittings, practical kitchens and spacious washrooms make the Pursuit a perfect base to enjoy outdoor activities in all weathers, as well as the ideal place to refresh and relax afterwards.

## What makes Pursuit different?

- A low-cost light-weight first caravan range in a choice of six best-selling layouts suitable for couples and large families
- Balanced 14" alloy wheels fitted with anti-tamper WSL Safety Bolts and a high security entrance door lock for additional peace of mind
- A stylish and distinctive exterior with a well-equipped interior to accommodate your everyday needs
- A fully specified Truma Combi heating system with digital control panel for complete comfort all year round
- The option to upgrade the specification with a Premium Pack and sunroof allowing you to tailor the caravan to specifically suit your requirements

Pursuit 430-4 (Optional Premium Pack and opening sunroof fitted)

Pursuit 430-4 (Optional Amaro upholstery and bed linen shown. Optional Premium Pack fitted)

Step inside the Pursuit to experience the contemporary design and light and airy interiors. Italian design overhead locker doors with chrome handles, premium quality fabrics and De-Luxe sprung mattresses for fixed-bed models add to the high quality look and feel.

Pursuit boasts an impressive range of home comforts including a Truma Combi boiler with a user-friendly digital control panel, up to five 230v power sockets for all of today's essential electrical equipment, Thetford Duplex combination oven and grill, Dometic 103 litre fridge and a large separate shower cubicle with a bi-fold door and an Ecocamel shower head that's not only more powerful but also uses less water.

Pursuit 560-5 (Standard Spice upholstery shown. Optional Premium Pack and opening sunroof fitted)

## Key Pursuit Features

01

03

04

05

06

- 01 Status 550 telescopic directional digital television aerial.
- 02 14" Alloy wheels fitted with 'Security' tyres and anti-tamper WSL safety Bolts.
- 03 High security entrance door lock.
- 04 Loose fit drop in carpets.
- 05 Dual fuel Truma Combi boiler with digital control panel.
- 06 Ecocamel shower head.

### Optional Extras

- 07 Premium Pack  
Contents include: AL-KO 3004 AKS Stabiliser. | Branded Radio/CD/MP3 player with iPod/MP3 player connection point. | Floor mounted steel spare wheel & retainer. | Exterior door flyscreen. | Stainless steel 800 watt microwave oven.
- 08 Polyplastic double glazed opening sunroof with night blind in front dome.
- 09 AL-KO Secure portable wheel lock.
- 10 AL-KO ATC Trailer Control System.
- 11 Optional Amaro soft furnishings with co-ordinating curtains, arm rests or bolster cushions (model specific) and four standard size cushions.
- 12 Bespoke caravan bedding sets to co-ordinate with caravan soft furnishings (model specific)

A tolerance in the MRO has been allowed for in the calculations of Payload Margins. The awning length measurement shown is to be interpreted as a guide only and an enquiry should be made to individual awning manufacturers as to the correct size. Visit [www.baileyofbristol.co.uk](http://www.baileyofbristol.co.uk) for Pursuit metric bed sizes.

### About Alu-Tech

Prior to the introduction of the Alu-Tech construction system in 2009 there had been little change in leisure vehicle bodyshell design for over thirty years. Whilst conventional construction served us well during that period with the advances in production technology and materials we asked: was there a better way?

Two years in the making and the result was the development of our patented Alu-Tech design technology which takes a completely new approach to bodyshell construction. Using a unique interlocking aluminium external framework to which the body panels are bonded and then clamped using internal fixings it has a much stronger and more rigid shell which provides greater protection against the elements.

The sole use of thicker fully laminated panels in this new assembly greatly enhances the thermal performance of the shell, making our caravans genuine four-season vehicles. The replacement of the timber elements in the sides and roof with a composite plastic internal skeleton and GRP wall linings, in conjunction with a significant reduction in the number of external joints and fixing points, enhances its resistance to moisture ingress.

When you consider that these benefits of ownership were achieved without a cost or a weight penalty you can begin to see why the Alu-Tech construction system is so unique.

### Extreme Testing

Equivalent to 40 years accelerated life testing carried out at Millbrook Proving Ground on numerous road surfaces

Tested in extreme temperatures as low as -28°C and as high as 40°C in a climate control chamber

**Cost neutral design technology**

- Advanced technology universally available at no extra cost

**Sole use of thicker laminated bodyshell panels covered in an impact resistant outer GRP skin**

- Increased strength and durability providing greater protection against the elements
- Enhanced thermal insulation capabilities to enable holidaying all year round

**Interlocking aluminium extrusion external framework with internal fixings**

- Increased strength and durability providing greater protection against the elements
- Minimises the number of potential water access points to improve the overall integrity of the shell

**Timber free upper bodyshell panels featuring a composite plastic internal skeleton and a GRP inner wall lining**

- Improved durability by limiting the impact any possible ingress water may cause

**Lighter bodyshell with a more balanced weight distribution**

- Lighter caravans accessible to owners of a wider range of tow vehicles
- Increased stability and improved road handling for safer towing
