

LE VOYAGEUR

**EXCEPTION**  
IS THE RULE

You are a hedonistic traveller: for you escape is an art of living and elegance is way of life.

You firmly believe that travel should always be an incomparable experience and that your destination is less important than how you get there.

For you, travelling is not just about getting from one place to another, but an art in itself. It is the art of moving in style, the art of living in the French manner but on the move, of enjoying life's pleasures and of making discoveries under the utmost conditions of comfort and safety.

The new Heritage range, the outcome of a new partnership with Mercedes, ensures that high standards and luxury are always part of the journey, while reliability and refinement accompany you every step of the way.

TO BRING YOUR DREAMS TO LIFE

# THE EXCEPTIONAL

IT'S WHAT WE DO

Driven by a deep desire to perpetuate the excellence of French craftsmanship our employees have only one aim: to make the exception the absolute rule.

From the design office to the workshop, our motorhomes are exclusively designed and manufactured in Angers, in the west of France. Aerodynamics, ride comfort, handling and finish - for us, every little detail counts.

Thus 45 of our best experts work tirelessly to turn your dream of perfection into an equally extraordinary reality.

- 01** / Dune atmosphere
- 02** / Prestige Mink Leather upholstery
- 03** / Riviera ambience

# OUT OF PASSION COMES **THE EXCEPTION**

Our Classic and Heritage ranges are born of a desire to create an exceptional vehicle wholly devoted to the satisfaction of our most demanding customers.

In the domain of the exceptional, however, know-how and technical mastery in themselves are not sufficient. What makes each of our motorhomes unique is not the purity of their design or the reliability of their technology.

Our work is exceptional because it is filled with soul. The soul of passionate people, ever willing to place their talent and high standards at the service of true perfection.

**PAUL,**  
DREAM MAKER OF LE VOYAGEUR  
FOR THE LAST 5 YEARS

“What I am passionate about in my job is building an exceptional prestigious product that will enable its owner to satisfy his or her desire to get away and travel. I feel that I am personally contributing to this dream in my own way.”

**STÉPHANE,**  
CO-DESIGNER OF LE VOYAGEUR  
FOR THE LAST 15 YEARS

“It has always been my ambition to design a really meaningful product. Co-designing a Le Voyageur individually with each client ensures that every last detail of the design is exceptional and unique. I like to constantly challenge myself and imagine our clients' future living quarters, and above all, to share their pleasure in discovering each detail of their new travel companion.”

**MARIE,**  
PASSIONATE DESIGNER OF LE VOYAGEUR  
FOR THE LAST 8 YEARS

“I am happy to devote long hours to my passion, working and transforming materials. Shaping, sanding, taking the time to achieve a perfect finish so that each assembled part helps breathe life into every single Le Voyageur vehicle.”

# A MARRIAGE OF THE EXCEPTIONAL

The Heritage range marks the emergence of an outstanding new vehicle on a Mercedes base vehicle. It was a union full of promise: combining the power and reliability of German engines with the elegance and style of French design.

Le Voyageur Heritage will thus carry you to every corner of the world effortlessly and in complete safety. But since you are a demanding traveller, it will also offer you top-of-the-range comfort and will imbue your journey with great looks.

1983

2000

2010

2021

*Our story started in 1981 with the first Le Voyageur 600 A-class model on a Mercedes-Benz base vehicle. It continued in 1984/1985 with six new models on Mercedes-Benz chassis: LV 500, 510, 600, 605, 610 and 650. This alliance continued until 2016 and today it begins anew with the Heritage range.*

LE VOYAGEUR  
*Héritage*

# THE JOURNEY

IS GREATER THAN THE DESTINATION

You were delighted with this return to the roots and fundamentals of our brand, so we strove to fulfil your expectations: 40 years after the first model,

**Le Voyageur is once more renewing its partnership with Mercedes to create the Heritage range.**

A name chosen as a tribute to the shared past of two wonderful brands and to celebrate the start of our new adventure. More than ever, with this new range, the journey takes on a new dimension in which the destination is simply one part.

# LUXURY ON THE MOVE

Naturally, the furnishings and equipment are top-of-the-range, the materials are naturally noble, then there are the clean lines, the impeccable finishing and the fully customised interior...

But the real luxury is waking up in the soft light of early morning and looking out of the window of your bed at the sea. Walking across the sand on a deserted beach, having breakfast in the comfort of your own home, serenaded by the sound of the waves... Before taking to the road once more in search of a new setting for the evening, taking the time to discover a beautiful village and its inhabitants, to taste a local speciality...

Then negotiating a few hairpin bends before reaching the top of a cliff for dinner under the stars.

**27** / LAYOUTS

## LOUNGE

Because luxury is first and foremost a matter of space, everything has been designed to give you as room as possible. Tables, benches, armchairs... everything has been specially designed to adapt to all possible situations and to accommodate up to 5 people in optimum comfort.

# KITCHEN

Cook just as you would at home in this bright, fully equipped kitchen. The numerous storage compartments and the large 153L fridge allow you to store all the ingredients you need to prepare your favourite dishes effortlessly. And the two-burner hob will be enough to allow your culinary prowess to shine through.

*Model shown:  
LVXH 7.9 GJF*

# BEDROOM

Here everything is about luxury, calm and pleasure. Relax in your beautiful, spacious, fully equipped bedroom with optional TV screen. Whether on an island bed or twin beds, Bultex mattresses will guarantee you the best comfort and a perfect night's sleep.

# BATHROOM

After a day packed with chance encounters and discoveries, you can relax in your beautiful designer bathroom and enjoy the comfort of your 190 cm shower.

*Model shown:  
LVXH 7.9 GJF*

# TRAVELLING IN SPACE

Luxury is being able to travel without constraint and move freely. At the very least, the Heritage range will ensure that you are totally free in your movements. Indeed, this is a range that thinks big and has been designed to offer you the maximum amount of space possible. Like a yacht its numerous ergonomic storage spaces free up space to create real living areas entirely separate from one another.

In the 7.9, as in the 8.7, you will have the sensation of moving around as if in real rooms, and their fully modular interiors can be adapted to meet your every wish.

*Whichever layout you choose, whether an island bed or twin beds, the Heritage range offers the luxury of travelling with a generous sense of space.*

## STREAMLINED DESIGN

The elegant curves and harmonious lines from the front to the rear of the vehicle lend a dynamic appearance to your Le Voyageur motorhome. The interior design is clean and functional, while the noble materials and the impeccable finish are the hallmarks of a top-of-the-range vehicle.

- One-piece polyester front and back
- 3 m high
- 2.3 m wide

# A TRULY EXCEPTIONAL STRUCTURE

To live your journey to the full, you must set off with a free mind and with complete confidence in your travelling companion. The Mercedes Sprinter engine combined with an AL-KO chassis offer you the best possible pairing of reliability and robustness to take you wherever your dreams lead.

## 1 ALLYING POWER AND TECHNOLOGY:

A Mercedes Sprinter engine coupled with an AL-KO chassis to give:

- unrivalled robustness
- uncompromising reliability
- improved stability
- greater width
- lower ground clearance
- Euro VI D certification: Heavy duty

## 2 THE WALLS

This robust insulation lets you enjoy your motorhome year-round.

## 3 THE FLOOR

Smart, insulating double floor: the fresh and waste water tanks are protected from freezing and space is maximised. Thanks to its 26 cm height, many parts can be stored in the floor.

# INCOMPARABLE

## DRIVING COMFORT

Driving will quickly become one of the key pleasures of your trip as the Heritage range offers you the very best in everyday driving comfort.

Your place behind the wheel becomes a real cockpit from which you can control every setting that will make your journey enjoyable and safe.

And to enhance your safety and peace of mind, every feature possible has been automated, from turning on the lights to adaptive cruise control.

- 4-cylinder 2.2 litre engine, 143 hp standard, 177 hp optional
- 6-speed manual gearbox or optional "9G-TRONIC" automatic gearbox
- Driver and passenger airbags as standard
- EPS emergency braking
- 90-litre fuel tank as standard
- ABS
- Start and stop system
- Attention Assist (detects signs of driver fatigue)
- Crosswind stabilisation system
- LED front and rear lights
- Electric hand brake
- Automatic headlights
- 3 sensors connected to the airbags to allow the vehicle to be stopped in the event of danger, automatic headlights, with optional distance control
- Reversing camera: long-distance and wide-angle view
- SKA heated seats with adjustable position and 120 mm of travel
- Semi-automatic air conditioning as standard or automatic as an option
- Multifunction steering wheel
- Automatic windscreen wipers

# A CONNECTED VEHICLE

Whether the **MBUX system**, a true artificial intelligence system that intuitively adapts to your habits and behaviour, the **FULL BOX**, which allows you to monitor the key parameters of your motorhome, or the **DRONE VIEW** driver assistance system, which gives you a 360° view exactly as if a drone was hovering above your vehicle, the Heritage range offers you the most high-tech equipment in the sector, in keeping with its high-end market position.

## 1 THE MBUX SYSTEM

- Controlled via the multifunction steering wheel, touch screen, or buttons below the screen
- 7-inch touchscreen as standard, or 10-inch screen with GPS as an option
- Smartphone integration: Android Auto, Apple CarPlay
- Hands-free function via Bluetooth interface
- USB interface

## 2 FULL BOX A SPACE THAT ENABLES YOU TO MONITOR ALL KEY DATA FOR YOUR VEHICLE

- Real-time water level tracking
- Battery charge tracking
- Air conditioning and precise heating management with setting (to the nearest degree)
- Vehicle lighting and auxiliary device management

## 3 360° CAMERA WITH DRONE VIEW

- 7-inch portrait screen or 8-inch landscape screen with dynamic view in addition to drone view
- 4 x 180° high-definition cameras on all 4 sides of the vehicle
- A computer-generated image of the actual vehicle on the screen gives the illusion that a drone is hovering overhead
- No more blind spots at ground level under any conditions
- Optional dashcam feature
- May also be used as a video surveillance system during the day and at night (night vision).

LE VOYAGEUR  
*Classic*

ELEGANCE THROUGHOUT YOUR ENTIRE

**JOURNEY**

The Classic range has been created for those who consider elegance to be an essential part of travel since it offers the best way to enjoy each moment. For this reason, with its harmonious curves on the outside and its sleek interior design, the Classic range allows you to discover the world in style.

# FREEDOM WITH FETCHING LOOKS

Despite its prestige and high-class standing, freedom is perhaps the greatest luxury that Le Voyageur has to offer you. Immediately from the outset, depending on whether you turn right or left at the end of your street, you will discover completely different countries and cultures.

Scrambled eggs and smoked fish by a Scandinavian lake or chocolate con churros in Spain? Do you prefer to drive along the coast with the sea to your side or do you favour taking the back roads to discover small villages? Do you like to dine in the warmth of your living room on the edge of a forest or under the stars, or with the beach as your terrace?

Le Voyageur offers you the luxury of considering all options safely, reliably, and always with French chic.

# LET YOURSELF BE CARRIED ALONG

Light and compact, the LV 6.8 LF and LV 7.2 motorhomes will always get you to your destination in style. With its spacious living areas, the LV 6.8 is a real mini-loft, ideal for two people travelling together. Available with either an island bed or twin beds, the LV 7.2 combines all the quality and comfort of French luxury in a perfectly functional format.

The LV 7.5 is the perfect combination of high comfort and simple mobility. The separation of its different living spaces lends an apartment feel, as if to invite you to adopt this motorhome as your second home. With an exceptional payload of 1,000 kg, this luxury travel heavyweight nevertheless remains easy to manoeuvre.

## REDESIGNED **DRIVING COMFORT**

With the range of Fiat Euro 6D engines (from 140 hp to 180 hp) on AL-KO® chassis and the new 9-speed automatic transmission, taking to the road becomes a real pleasure.

Greater power, thanks to an even higher level of torque (up to +12.5%), coupled with more economical and environmentally friendly driving as a result of its VGT (Variable Geometry Turbo).

# INTELLIGENT DESIGN

The intelligent double floor of your Classic motorhome protects you from the cold providing optimum comfort in all seasons. In addition to protecting the fresh and waste water tanks from freezing, this double floor, 26 cm deep, provides storage for numerous items, thus freeing up a maximum of space inside your Le Voyageur. Walls made of aluminium, among other materials, offer 30% greater heat diffusion than plywood.

## 1 THE CURVED ROOF

Exclusive to Europe.

## 2 TRAVEL FAR AND WIDE, FOR LONG SPELLS IN ANY SEASON

Enjoy additional storage space and easy and safe access to the entire electrical system.

## 3 A DOUBLE MULTIFUNCTION FLOOR

The double floor, which is heated and isolated stores heat and releases it in the same way as underfloor heating.

# COMFORT AND SAFETY

French luxury combined with technical expertise to offer you well-being, durability and safety throughout your journey.

## 1 CONTROL PANEL

Opt for a single central control panel to operate all vehicle functions:

- ON/OFF switch (heating, lighting, radio, TV, USB port and water pump).
- Separate lighting level controls for each area.
- Information on autonomy levels (fresh water, waste water and leisure battery levels).
- Truma®/Alde® heating system controls (with temperature, hot water, electricity and gas settings).

## 2 CLASS 3 INSULATION

Le Voyageur is certified Class 3 the highest level of insulation available, as tested and validated by Truma® and Alde®. The indoor temperature can go from -15°C to 20°C in 4 hours.

Wide-angle reversing camera

## 3 OPTIMAL VISIBILITY

The system comprises an onboard camera for each wing mirror and a control screen that divides in four. The vehicle's rear-view camera is also connected to this display.

Wing-mirror camera

LE VOYAGEUR

# WORKING HAND IN HAND

TO BRING YOUR DREAMS TO LIFE

Tell us about your dream motorhome and we will build it for you. To ensure that it truly reflects your image and makes you feel entirely comfortable, we offer you the possibility of customising it. Together, let us take the time to determine the characteristics of your ideal travel companion: layouts, interior design, finishes... From the moment it is built and throughout the life cycle of your vehicle, we are continually at your side.

# LUXURY

## AT ITS VERY BEST

Whatever Le Voyageur you decide on, the ambience inside your motorhome will be welcoming. The natural, textured Riviera wood or the blond Dune wood give your interior a comforting softness.

# AN EXCEPTIONAL RELATIONSHIP

To choose a Le Voyageur is to offer yourself the guarantee of a privileged relationship of trust.

In your personal space "Le Voyageur and me", accessible via our website, you will find all the relevant information concerning your order.

To help you prepare for the delivery of your vehicle, videos are available to help you get started. In addition, if you have any questions, you have priority access to our after-sales service.

With "Le Voyageur and me", your motorhome and the world of Le Voyageur will no longer hold any secrets for you.

**Legal information - Groupe Pilote, Route du demi-bœuf - 44310 La Limouzinière - SARL with a capital of 20,000,000 euros, registered with the Nantes commercial and companies registry under No. B872 802 780. Siren: 872 502 780 Note** - This brochure shows the information known at the time of printing. It does not constitute a binding document under any circumstances. Despite the care taken in preparing this document, printing errors may still occur. We reserve the right to modify fittings and improve items in the current year's models without prior notice. Some vehicles are shown with special or optional features which are listed in the corresponding price lists and available at an additional cost. Style items and decorations used to embellish the visual presentation of this catalogue are not included in the actual vehicle nor in the delivery service. The available payload is the difference between the Maximum Technically Permissible Laden Mass (MTPLM) and the Mass in Running Order (MRO). The latter includes the vehicle, its bodywork, furniture, standard fittings, 90% full fuel tank, full gas cylinder, driving capacity fresh water tank, empty waste water tanks, required fluids and a driver (75 kg). Ensure that the maximum weight permitted is never exceeded (total and per axle). Important: installed optional fittings and accessories are not included in the motorhome's MRO. Consequently, they will systematically reduce the available payload and potentially reduce the number of driving seats. Contact your dealer, who will be happy to provide you with an accurate definition of the models available in each country. Before submitting your order, please contact a dealer for information about the current product and collection status. Information about the vehicle's delivery, appearance, performance, dimensions and mass correspond to the information known at the time of printing. Those details and tolerances comply with European regulations (UE 1230/2012), however they are subject to change up until the time of vehicle purchase or delivery.

LE VOYAGEUR

**EXCEPTION**  
IS THE RULE

*When his very first model came into being in 1981, George Sacier - the creator of the first Le Voyageur - pushed the limits of what was possible in order to achieve his dream: designing a vehicle able to take you as far as your desire to conquer the world extends. Our passion for design, luxury and performance remains the key driver in designing Le Voyageur and it is today fully embodied in our luxury motorhomes that carry the French art of living to the four corners of the world.*
